

April 29, 2021

In August of 2020 we decided to sell our insurance agency and I contacted Mike Santiago Consulting to represent us in the sale.

Mike successfully negotiated the terms of the sale to achieve our asking price and stayed involved throughout the entire process until completion.

Mike is very knowledgeable in the buying and selling of brokerages and this combined with his accounting background was extremely helpful . Mike is very professional and went above and beyond to make sure all the time lines of the sale were met and he was always available to help guide me through any issues that arose from start to the completion of the sale.

We feel that contacting Mike Santiago was the best decision we made and we would highly recommend Mike to anyone who is thinking of selling their business.
